The screenshot shows the login page of the Picaro Learning Management System. The browser's address bar displays 'picaroenglish.com/lms/login'. The page features a blue header with the Picaro logo and the text 'Learning Management System' and 'The Online English Adventure'. A 'LOGIN' button with a cartoon character is in the top right. The main content area is divided into two sections: 'Welcome to Picaro' and 'Login here'. The 'Welcome to Picaro' section includes a 'Watch the video' button and three paragraphs of text describing the system. The 'Login here' section contains input fields for 'Username' (filled with 'bbase001') and 'Password' (filled with dots), a 'Login' button, and a 'Forgot your password?' link. The footer includes 'ACCREDITED BY' logos for Cambridge English Language Assessment, Kaplan International English, and BabyFirst (A Fox International Channel), along with social media icons for Twitter, Facebook, YouTube, and Google+. The copyright notice at the bottom left reads '©2021 Aspect Education Limited'.

PICARO Learning Management System
The Online English Adventure

Welcome to Picaro [Watch the video](#)

Picaro makes learning English easier and more enjoyable for children aged 4 and up. With Picaro, an entire curriculum is at their fingertips, presented in a wholly original and engaging way.

Picaro provides an enjoyable, innovative and effective English programme. Each of the sixteen units is based on a unique, visually attractive world. These worlds are arranged into four levels, which are mapped to the Cambridge English Young Learners curriculum (YLE) and the Common European Framework of Reference (CEFR).

Picaro is a blended Primary English course that motivates and guides young students through an English learning journey. Children navigate the Picaro Galaxy through one thousand online mini-games, student books, workbooks, storybooks, phonics books, and an array of tests, posters and flashcards. Picaro also provides teachers' books and a comprehensive Learning Management System which allows teachers to monitor progress.
